

Smart In Life

***Why we need smart & assistive technology to
ensure dignity of older adults***

Martin Morandell

Quality of Life

Technology

**Users
with disabilities**

Dignity means ...

- ◆ *...being treated with respect.*
- ◆ *...being acknowledged as an individual.*
- ◆ *...having a say in every decision regarding your life.*
- ◆ *...feeling safe in your environment.*

Smart & assistive Technology for daily life

Apple – Accessibility – Sady (with Audio Descriptions)
